A motivated Computer Science student with a genuine interest in software development, data analysis, and machine learning. Passionate about Linux, I appreciate the power and flexibility of open-source environments and often use them to enhance my projects. Believing in technology's potential to make a difference, I am always eager to learn about the latest trends and tools in the field. Actively seeking internship opportunities to apply my skills, collaborate with talented teams, and contribute to impactful projects. Open to connecting and exploring potential collaborations.
